

Priya Nair
Software Engineer, 2025 graduate

Skills: TypeScript, React, Node.js, NestJS, PostgreSQL, AWS (EC2, S3, SQS, Lambda), Jest

Projects

- Order tracker: NestJS API, PostgreSQL with migrations and indexes, 180 Jest tests, deployed on AWS EC2.
- Built an SQS and Lambda pipeline that retries failed jobs and parks them in a dead-letter queue.
- React dashboard with TanStack Query and Vitest.

Internship: Backend intern, 6 months. Wrote REST endpoints in NestJS and optimised slow SQL queries.
